

Sales listing: Service Pro CRM

Paste-ready copy for Gumroad / Etsy / Square Online. Approve or tweak, then it goes live.

Product title

Service Pro CRM: Client, Job & Lead Tracker for Google Sheets (No Monthly Fees)

Short tagline

Run your whole service business from one Google Sheet. Leads, jobs, clients, invoices, and a live dashboard, with follow-up reminders emailed to you. You own it forever. No app, no subscription, no learning curve.

Price

- **\$69:** the CRM (instant download / copy link)
 - **\$149:** CRM + I set it up and brand it with your business name & colors
-

Full description

Stop losing jobs to a messy notes app and forgotten follow-ups.

Service Pro CRM turns a single Google Sheet into a real customer manager built for people who *do the work*: cleaners, landscapers, detailers, contractors, trainers, handymen, pool & HVAC techs, movers, and more.

What's inside:

-  **Live dashboard:** new leads this week, open pipeline value, jobs this week, revenue this month, win rate, and lifetime revenue. Updates on its own.
-  **Lead pipeline:** color-coded New → Contacted → Quoted → Won/Lost, with follow-up dates that turn **red the moment they're overdue** so nothing slips.
-  **Automatic follow-up emails:** get a morning list of who to call back.
-  **Automatic Google-review requests:** one click emails every finished-and-paid customer a branded "leave us a review" message. More 5-star reviews = more jobs.
-  **Job scheduler:** track what's booked, done, and paid.
-  **Client book:** total spent per client calculates automatically.
-  **Invoice log:** Draft / Sent / Paid / Overdue at a glance.

Why it beats a \$30/month CRM app:

-  One-time price. Own it forever.
-  Runs in *your* Google account: your data never leaves your Drive.
-  Works on phone and laptop, wherever Google Sheets works.
-  Nothing to install. Copy it and go.

How it works: After purchase you get a link. Click *File* ▶ *Make a copy* and it's yours: private, editable, ready. A one-page guide walks you through the first 5 minutes.

Not affiliated with Google. Requires a free Google account.
